Johnson and Zak Racing Team

Doesn't have the same ring as Penske or Andretti, but Bob and Jeff have started a small (1 race) racing team.

Reported by Bob Johnson:

"Here are some pics from the boondawgle yesterday, thought you guys would enjoy them. One of the highlights happened around 10:30 pm, while we were standing 5 feet from Matt Kenseth, and watching about our 200th lap of racing, Jeff leans over and asks me if the cars are automatics or manuals? I think I heard Matt Kenseth giggling after he asked!

For those of you that don't know Matt Kenseth is the 2000 Nascar champion and the driver of the #17 Dewalt Ford Fusion.

Our dreams of hearing congratulations to the SCL/ISK Supply Chevrolet for its winning run tonight were squashed when our car was forced into the wall by some yahoo kid, we took solace in the fact that the kids car that wrecked ours was towed off the track! Jeff and I had to scramble to the pits in case our crew needed us in a brawl."
